Easements are hereby expressly reserved and dedicated with dimensions, boundaries and locations as designated on the attached plat for the installation and maintenance of public utilities (including but not limited to, water, gas, telephone, electricity, sanitary sewer, and any other utilities of a public or quasi-public nature) and sewer and drainage facilities.

a. Any utility company and Developer, their successors and assigns, will have the right to enter upon said easements for any lawful purpose. All easements shall be kept free at all times of permanent structures except improvements installed by Developer or an authorized utility and removal of any obstruction by a utility company shall in no way obligate the company to restore the obstruction to its original form. connected with distribution facilities provided by electrical, television or telephone services, except by means of wires, cables or conduits situated beneath the surface of the ground (except such poles and overhead facilities that may be required at those places where distribution facilities enter and leave the Addition, and except for such housing, pedestals or facilities as may be appropriate for connection of utility services for individual lot owners). Nothing herein shall be construed to prohibit street lighting or ornamental yard lighting services by underground wires or cables.

c. The utility operating the sewer lines and sewage disposal plant for said subdivision shall have jurisdiction over the installation of all sewer connections and the same shall be installed to the property lines of each lot by the developers. No individual water supply system, or individual sewage disposal system, shall be installed, maintained or used in the Addition. No rain or storm water runoff from roofs, street pavements or otherwise, or any other surface water, shall at any time be discharged into, or permitted to flow into, the sanitary sewer system, which shall be a separate sewer system from the storm water and surface water run-off system. No sanitary sewage shall at any time be discharged or permitted to flow into the storm water and surface water run-off sewer system.

17. Arlington Park Association. There will be organized by the Developer forthwith an incorporated not-for-profit association, only one such association to be recognized and approved by the Developer, with the same to be known as the Arlington Park Association.

a. Membership. One membership shall be created for each lot or living unit planned in Arlington Park. Memberships will transfer from the Developer to the grantee upon delivery of the deed, or in the case of a multi-family construction, at such time as the Architectural Control Committee has approved the grantee's plans, with one such membership to be transferred for each living unit to be constructed upon the land conveyed. The Developer's plans presently provide for the construction of two thousand five hundred and fifty five (2,555) living units in Arlington Park, which will be voted by the Developer until transferred as hereinafter provided.

b. Membership Transfer. Memberships will pass from the Developer to his grantee with the conveyance of the land. In the case of the conveyance of land to be used for multi-family construction, said memberships will not transfer to the grantee until the Architectural Control Committee has approved the grantee's plans, and then one (1) membership for each living unit to be constructed on the land conveyed, will be transferred from the Developer to the Grantee.

c. Continuing Membership. The purchaser of any lot or living unit in Arlington Park shall be a member of said Association and shall continue to be a member of said Association so long as he continues to be the owner of a lot or living unit in Arlington Park for the purposes herein mentioned. Membership shall pass with the ownership of the land or living unit.

d. Transfer of Membership Rights and Privileges. Each owner, or in lieu thereof (and with the written consent of such owner to the Association) each Lessee of a living unit, shall be a member of the Association and have the right to the owner's vote and privileges. Membership, where assigned to a Lessee, will pass with the lease except if the owner withdraws his consent in writing to the Association. The owner may withdraw his membership assignment to the Lessee at his discretion by a sixty (60) day notice in writing to the Association.

53

18. Assessments. Developer, for each lot and/or living unit owned by it within the Addition, hereby covenants, and each owner of any lot or living unit, by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or conveyance, shall be deemed to covenant and agree to pay to the Arlington Park Association, Maintenance Fund and/or Club Operating assessments and charges, as hereinafter provided.

a. Maintenance Fund. The "Maintenance Fund" Assessment shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of residents of the Addition and, in particular, for the improvements and maintenance of the greenways, sidewalks, playgrounds and all other Common Areas, including but not limited to, repair, maintenance, the cost of labor, equipment and materials, supervision, security, lighting, lawn care, snow removal, insurance, taxes, and all other things necessary or desirable in the opinion of the Members of the Association in connection therewith.

The Maintenance Fund Assessment as herein provided shall commence to accrue and become a lien upon any said lots or living units as soon as title thereto has been divested from Developer, or when a dwelling or living unit shall be erected thereon, whichever shall first occur, and shall be payable on the first day of January of each year thereafter. All assessments shall be determined by and paid to the Association and the Association shall be responsible for carrying out the purposes of these assessments.

The amount of said Maintenance Fund assessment is established as follows:

(i) The annual assessment for the year starting January 1, 1973 will be Twenty-four Dollars (\$24.00) per assessable membership.

(ii) The Board of Directors of the Association prior to October 31 of each year starting for the year starting January 1, 1974, will establish a budget for the ensuing calendar year and will determine therefrom the annual assessable membership required to meet said budget. The Board of Directors of the Association will present to all Association members in writing through the United States mail service a copy of said budget and notice of the ensuing year's assessment per assessable membership no later than November 15th of the year prior to the year for the assessment.

(iii) Subject to the limitations hereinbefore set forth, the Association may change the amount of the assessment set by the Board of Directors for any such calendar year, provided that any such change shall have the assent of two-thirds (2/3) of the Memberships of the Association who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which has been sent to all Memberships at least fifteen (15) days in advance, and the purpose of the meeting set forth therein. At any such meeting, a quorum of not less than fifty (50%) percent of all Memberships shall be required.

(iv) The President or Secretary of the Association will be required to call such an Association meeting to be held prior to December 31st of the year before the assessment year to consider amending the membership assessment provided either officer has received a written petition for assessment review prior to November 30th of the year before the assessment year bearing the signature of at least twenty (20%) of the qualified memberships. The meeting shall be called by no less than a fifteen (15) day written notice.

to the membership.

b. Club Operating Assessment. The Developer plans to construct a clubhouse within Arlington Park, which clubhouse will contain and provide various social recreational and other facilities. At such time as construction on said clubhouse is substantially completed, the Club Operating Fund will commence to accrue and will become a lien upon all lots or living units in Arlington Park, except as hereinafter provided. For any lots that a living unit has not been erected thereon at the time of substantial completion of the clubhouse, such assessment will commence to accrue and become a lien at such time as a living unit has been erected on such lot. Said Club Operating Fund assessment shall be payable on the first day of January of each year thereafter. All assessments shall be determined by and paid to the Association and the Association shall be responsible for carrying out the purposes of these assessments.

The amount of said Club Operating Fund Assessment is established as follows:

- 53 (i) The Board of Directors of the Association prior to October 31st of each year starting for the year starting January 1, 1974, will establish a budget for the ensuing calendar year and will determine therefrom the annual assessable membership assessment, required to meet said budget. The Board of Directors of the Association will present to all Association members in writing through the United States mail service a copy of said budget and notice of the ensuing year's assessment per assessable membership no later than November 15th of the year prior to the year for the assessment.

(ii) Subject to the limitations hereinbefore set forth, the Association may change the amount of the assessment set by the Board of Directors for any such calendar year, provided that any such change shall have the assent of two-thirds (2/3) of the Memberships of the Association who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which has been sent to all Memberships at least fifteen (15) days in advance, and the purpose of the meeting set forth therein. At any such meeting, a quorum of not less than fifty (50%) percent of all Memberships shall be required.

(iii) The President or Secretary of the Association will be required to call such an Association meeting to be held prior to December 31st of the year before the assessment year to consider amending the membership assessment provided either officer has received a written petition for assessment review prior to November 30th of the year before the assessment year bearing the signature of at least twenty (20%) percent of the qualified memberships. The meeting shall be called by no less than a fifteen (15) day written notice to the membership.

(iv) Said Club Operating Fund shall be used exclusively for the purpose of operating and maintaining said clubhouse and all recreational facilities therein or used in connection therewith, including but not limited to, repair, maintenance, cost of labor, equipment, supervision, taxes, insurance, and all other things necessary or desirable in the opinion of the Members of the Association in connection therewith.

c. Collection. Such Maintenance Fund and Club Operating Assessments, together with interest thereon and costs of collection as hereafter provided, shall be a lien upon the property against which such assessment is made. Each such assessment, together with interest thereon and costs of collection, shall also be the personal obligation of the person or persons who was the owner of such property at the time when the assessment fell due. The obligation of the assessment is upon the owner of the property or the living unit and is not transferred, even though the owner may have transferred the membership and voting rights in the Arlington Park Association, as hereinbefore provided. If the assessments are not paid on the due date, then such assessments shall be a continuing lien on the property which shall bind such property in the hands of the then owner, his heirs, devisees, personal representatives and assigns.

The personal obligation of the then owner to pay such assessment, however, shall remain a personal obligation and shall not pass to his successors in title unless expressly assumed by them. If the assessment is not paid within sixty (60) days after due date, the assessment shall bear interest from the date of delinquency at the rate of eight percent (8%) per annum, and the Association may bring an action against the owner personally obligated to pay the same, or foreclose the lien against the property, and there shall be added to the amount of such assessment the costs of preparing and filing such action. The lien of the

assessments as provided for herein shall be subordinate to the lien of any mortgage or mortgages now or hereafter placed upon the property, taxes and assessments for public improvements.

19. Duration and Alteration. These protective covenants, restrictions and limitations shall be construed as, and shall be, covenants running with the land and shall be binding upon all Owners and Lessees of land in said Addition and all persons claiming under them. They shall continue in existence for a period of fifty (50) years from the date of the recording hereof and thereafter shall be automatically extended for successive periods of ten (10) years each. The protective covenants, restrictions and limitations (but not the easements) may be changed, abolished or altered in part by written instrument signed by the owners of not less than seventy-five (75%) percent of the memberships of the Arlington Park Association; and may be changed, altered or amended by the Developer within two(2) years from and after the date of recording hereof: All said amendments, changes or alterations, however, shall have the prior approval of the Allen County Plan Commission or its successors.

20. Severability. Invalidation of any one of these provisions shall in no way affect any of the other provisions which shall remain in full force and effect.
