a. Any utility company and the Developer, their successors and assigns, will have the right to enter upon said easements for any lawful purpose. All easements shall be kept free at all times of permanent structures.

Nothing herein shall be construed to prohibit street lighting or ornamental yard lighting services by underground wires or cables.

c. No individual water supply system, or individual sewage disposal system, shall be installed, maintained or used in the Addition. a. Membership. One membership shall be created for each lot or living unit planned in Arlington Park. The Developer's plans presently provide for the construction of an additional sixty-nine (69) living units in Arlington Park, which will be voted by the Developer until transferred as hereinafter provided.

b. Membership Transfer. Memberships will transfer from the Developer to its grantee upon delivery of the deed. In the case of the conveyance of land to be used for multi-family construction, said memberships will not transfer to the grantee until the Architectural Control Committee has approved the grantee's plans and then one membership for each living unit to be constructed on the land conveyed will be transferred from the Developer to the grantee.

c. Continuing Membership. The purchaser of any lot or living unit in Arlington Park shall be a member of said Association and shall continue to be a member of said Association so long as he continues to be the Owner of a lot or living unit in Arlington Park for the purposes herein mentioned. Membership shall pass with the Ownership of the land or living unit.

d. Transfer of Membership Rights and Privileges to Lessee. Each Owner or in lieu thereof each Lessee, of a living unit (with the written consent of such Owner to the Association), shall be a member of the Association and have the right to the Owner's vote and privileges. Membership, where assigned to a Lessee, will pass with the lease except if the Owner withdraws his consent in writing to the Association. The Owner may withdraw his membership assignment to the Lessee at his discretion by a sixty (60) day notice in writing to the Association.

17. Assessments. Each Owner of any lot or living unit, by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or conveyance, shall be deemed to covenant and agree to pay to the Arlington Park Association the Maintenance Fund and/or Club Operating Fund assessments and charges, as hereinafter provided.

a. Maintenance Fund and/or Club Operating Fund. The Maintenance Fund and/or Club Operating Fund assessment shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of residents of the Addition and in particular, for the improvement and maintenance of a clubhouse, swimming pools, greenways, sidewalks, playgrounds and all other Common Areas, including but not limited to repair, maintenance, the cost of labor, equipment and materials, supervision, security, lighting, lawn care, snow removal, insurance, taxes and all other things necessary or desirable in the opinion of the members of the Association in connection therewith.

The Maintenance Fund and/or Club Operating Fund assessment as herein provided shall commence to accrue and become a lien upon any said lots or living units as soon as title thereto has been divested from Developer, and shall be payable on the first day of January of each year thereafter. All assessments shall be determined by and paid to the Association, and the Association shall be responsible for carrying out the purposes of such assessments.

The amount of said Maintenance Fund and/or Club Operating Fund assessment is established as follows:

- (i) The annual assessment for the calendar year starting January 1, 1986, shall be Three Hundred Ninety-Five Dollars (\$395.00) per assessable membership.
- (ii) For each year thereafter, commencing with the year beginning January 1, 1987, the Board of Directors of the Association shall establish a budget for such calendar year and shall determine the annual membership assessment required to meet said budget. Such budget and assessment for each such calendar year shall be established by the Board of Directors at a meeting to be held not later than October 31st of each preceding calendar year. The Board of Directors shall then mail to all Association members a copy of said budget and notice of the ensuing year's assessment not later than November 15th of the year to which the assessment is applicable.
- (iii) The amount of the assessment set by the Board of Directors for any calendar year may be changed by the members of the Association at a meeting duly called for that purpose as hereinafter provided.
President or Secretary of the Association shall call a meeting of the membership of the Association, to be held prior to December 31st of the year, prior to the year to which the assessment is applicable, upon receipt, prior to November 30th, of a written petition for assessment review bearing the signature of at least twenty (20) percent of the membership of the Association. The President or Secretary of the Association shall give at least fifteen (15) days written notice of such meeting to all members.

(iv) Any change so adopted in the amount of the assessment set by the Board or Directors must have the assent of two-thirds (2/3) of the memberships of the Association who are voting in person or by proxy at a meeting duly called for such purpose. At any such meeting, a quorum of not less than fifty (50) percent of all memberships shall be required.

b. Collection. Such Maintenance Fund and/or Club Operating Fund assessment, together with interest thereon and costs of collection as hereafter provided, shall be a lien upon the property against which each assessment is made. Each such assessment, together with interest thereon and costs of collection, shall also be the personal obligation of the person or persons who was the Owner of such property at the time when the assessment fell due. The obligation of the assessment is upon the Owner of the property or the living unit and is not transferred, even though the Owner may have transferred the membership and voting rights in Arlington Park Association, as hereinbefore provided. If the assessments are not paid on the due date, then such assessments shall be a continuing lien on the property which shall bind such property in the hands of the Owner, his heirs, devisees, personal representatives and assigns. However, the personal obligation of the then Owner to pay such assessment shall remain a personal obligation and shall not pass to his successors in title unless expressly assumed by them. If the assessment is not paid within sixty (60) days after the due date, the assessment shall bear interest from the date of delinquency at the rate of twelve (12) percent per annum, and the Association may bring an action against the Owner personally obligated to pay the same, or

foreclose the lien against the property, and there shall be added to the amount of such assessment the costs of preparing and filing such action.

18. Duration and Alteration. These protective covenants, restrictions and limitations shall be construed as, and shall be, covenants running with the land and shall be binding upon all Owners and Lessees of land in said Addition and all persons claiming under them. They shall continue in existence for a period of fifty (50) years from the date of the recording hereof and thereafter shall be automatically extended for successive periods of ten (10) years each. The plat, protective covenants, restrictions and limitations (but not the easements) may be changed, abolished or altered in part by written instrument signed by the Owners of not less than seventy-five (75) percent of the membership of the Arlington Park Association; and may be changed, altered or amended by the Developer with the consent of the Association within two (2) years from and after the date of recording hereof. All said amendments, changes or alterations, however, shall have the prior approval of the Allen County Plan Commission or its successors.

19. Waiver. The failure of either the Developer or an Owner to enforce any covenant contained herein or right arising from any covenant contained herein shall in no case be deemed a waiver of the right or covenant.

20. Severability. Invalidation of any one of these provisions shall in no way affect any of the other provisions which shall remain in full force and effect.

21. Further Subdivision. No lot or combination of lots may be further subdivided until approval therefor has been obtained from the Allen County Plan Commission.

22. Flood Protection Grades. In order to minimize potential damages from surface water, flood protection grades are established as set forth below. All dwellings shall be constructed at or above the minimum flood protection grades such grades shall be the minimum elevation for a first floor or the minimum sill elevation of any opening below the first floor. The flood protection grades above Mean Sea Level are as follows: Lots 878 through 903, 910 through 913, 925 through 936, 782.5; Lots 914, 924, 937, 782.6; Lots 915, 916, 922, 923, 938, 939, 782.7; Lots 917, 918, 920, 921, 940, 941, 782.8; Lots 908, 919, 942, 943, 782.9; Lots 906, 907, 944, 945, 783.0.

23. Road Side Ditch Maintenance. The side ditches along the roads serve as drainage channels to drain water from the street surface, berm, and from the front yards to the lots fronting of the said streets. Said side ditches shall be maintained in an unobstructed condition and the Allen County Surveyor and Highway Department shall have exclusive jurisdiction over the side ditch drainage system and shall have the right to determine if any obstructions exist and to repair and maintain or to require such repair and maintenance as shall be reasonably necessary to keep the ditches unobstructed. Once the final grade has been established and the roads above been accepted by the Allen County Highway Department, no change may be made in the side ditch grade until a permit therefore has been obtained from the Allen County Highway Department. Obstruction of the drainage flow in the side ditch adjacent to any County road is strictly prohibited by County ordinance which ordinance provides penalties for the violation thereof.
